FIRE LOSS $200,000

Hundreds of Families are Driven From Tenements.

SMOKE OVERCOMES FIREMEN

Fire of Unknown Origin Destroys a Large Brick Factory in New York City—Flames Were Finally Gotten Under Control.

New York, Oct. 12.—Fire of unknown origin early Friday destroyed a six story brick factory building at 176-180 Grand street, causing a loss estimated at over $200,000.

Hundreds of families were driven from surrounding tenements in a pouring rain and were not permitted to return to their homes until after 6 o'clock in the morning, when the firemen finally succeeded in getting the fire under control.

Several firemen were overcome by the smoke and a watchman who had lost his way in the smoke was rescued from the third floor by the police.

The occupants of the building included the Columbia Gas Fixture company, the Standard Trading company, dealers in Italian groceries; James Pyroler, picture frame manufacturer; the East Side Book Binding company, Lipschitz Press company and Motzzer & Carron, pocketbook manufacturers.

AFFINITIES LOCKED UP.

Wife of Parishioner Visits Pastor at Home and Arrest Follows.

New York, Oct. 14.—Rev. Maxwell H. W. Walenta, pastor of the German Mission church of Brooklyn, and Mrs. Louis A. Bauer, a parishioner and the wife of an electrotyper were arrested and held in court for an inquiry into their mental conditions.

The action was instituted by Mr. Bauer, and the minister's father, Rev. Wensel Walenta, of the German Emanuel Reformed church of the city of Brooklyn.

The complainants asserted that Mrs. Bauer had left her husband and child and sought refuge at the younger clergyyman's house. The two were charged with offending public decency.

In court the accused minister, who is 28 years old, denied wrong-doing but admitted that the woman had been welcomed to his "official room" at 2 o'clock in the morning. "She and her husband had differences," he explained. "I saw it was impossible for me to effect a reconciliation. I welcomed her to my church. I felt in Mrs. Bauer a living soul, and my soul cried aloud for somebody who was alive in the twentieth century. In her I realized my affinity."

"I believe you both need to be examined as to your mental condition" commented the magistrate who committed the prisoners.

Negro Boy Burns To Death.

Sparta, Ga., Oct. 14.—Late Friday afternoon George Watkins, the 6-year-old boy of Gus Watkins, a tarifty negro farmer and tenant of M. A. Guill, was burned to death. Members of the family were all out of the house and the boy in some manner set his clothing on fire. One year ago to the hour, the boy was burned in the same manner and for several days his life was despaired of.

New Steamer Arrives.

Savannah, Ga., Oct. 14.—On her maiden voyage from New York the new steamship of the Ocean Steamship company, the City of Savannah, arrived here Friday morning, with 250 passengers, among whom are numerous prominent traffic managers of various lines, and a coterie of newspaper men. They will remain in Savannah until Monday.

Probable Fatal Shooting Affray.

Huntsville, Ala., Oct. 14.—John Fanning, a livery stableman at New Market, was shot and probably fatally injured Friday by Dr. A. C. Allen, a well known physician of the same town. The causes leading up to the affair are not disclosed. Dr. Allen boarded the next train for Huntsville and surrendered to the sheriff. He will say nothing of the affair.

BUREAU PLANS CHANGES.

Consolidation of a Number of States For Revenue Purposes.

Washington, Oct. 14.—Commissioner Capers, of the internal revenue bureau, has under consideration the rearrangement and consolidation for revenue collection purposes of a number of southern and southeastern states.

The constitution of Oklahoma which was recently adopted, absolutely prohibits the sale of intoxicating liquors as a beverage, within the state's borders, and on January 1, 1908, complete prohibition goes into effect in Georgia. South Carolina, by recent action of the state, is partly prohibition and partly under the dispensary system.

To meet these changed conditions the commissioner has in contemplation the consolidation of Oklahoma, with Arkansas as one revenue division, Georgia and South Carolina as another, Mississippi and Louisiana and possibly Alabama as a third. As an alternative, Alabama may be consolidated with Florida.

To carry into effect these changes would necessitate an executive order by the president, but the action of some of the states as to the sale of intoxicating liquors seems to the internal revenue officials to make some action of this character an administrative necessity. It is not likely, however, that definite action will be taken for some weeks

RURAL CARRIERS' CONVENTION.

Omaha Wins Out in Contest for Next Meeting Place.

Atlanta, Oct. 14.—The election of officers, the selection of a place of meeting for 1908, and a trolley ride around the city were the features of the closing days of the sixth annual session of the National Rural Free Delivery Carriers' association.

Little Rock, Ark.; Dayton, Ohio; Albany, N. Y.; Des Moines, Iowa; Omaha, Neb., and Milwaukee, Wis., were placed in nomination for the next meeting.

The rivalry was strong, and a number of ballots were necessary. The contest finally narrowed down to Little Rock and Omaha, and on the last vote Omaha won out by a good margin.

The selection of Omaha ended the work of the convention, and adjournment to meet in the Nebraska metropolis next year was taken.

The following officers were elected: President, Paul L. Lindsay, of the state of Georgia; vice president, H. E. Crum, of Michigan; secretary, P. E. Cull, of Massachusetts; treasurer, J. D. Williams, of Pennsylvania; executive committee, E. Frey, of Indiana, chairman; J. H. Johnson, New Hampshire; E. A. McMahon, of Texas.

Polk County to Have Fair.

Cedartown, Ga., Oct. 14—The Polk County Fair association and the Cherokee Driving Club will pull off a fair during this month in Cedartown that will be of great local interest. Agricultural, live stock and poultry will be largely in evidence, and the farmers are going to make a spendid display of Polk county products. A horse show and some fine races will delight the crowds, and an aggregation of midway shows will add hilarity to the county show. The ladies' department will be especially attractive, and evidences of their skill and handiwork will be a special feature of the exhibits.

Dean of Phelps Bible School.

Mobile, Ala., Oct. 14.—Rev. A. F. Owens, of Mobile, leading negro minister and educator of the south, who is now dean of the Selma university at Selma, Ala., has been called to the Tuskegee institute by Booker Washington. Rev. Owen is wanted to fill the deanship of the Phelps Bible school. The call resulted from a wonderful sermon preached last Sunday.

Journalistic Change.

Paris, Oct. 14.—Henri Rochefort, the well known journalist and pamphleterest, at the age of 77, has severed his connection with the Intransigeant, which he founded in 1880 and assumed the editorship of the Patrie. He made his debut on that paper Saturday morning with a characteristic onslaught of the government.

COLLISION OF TRAINS

Fatal Crash Occurred Saturday at Pratt City, Ala.

CONDUCTOR SMITH KILLED

Collision Was Between a 'Frisco Passenger Train and a Louisville and Nashville Freight Train—Eight Persons Were Injured.

Birmingham, Ala., Oct. 14.—A collision between a Louisville and Nashville freight train and a 'Frisco passenger train at Pratt City at 6 o'clock Friday morning, one man was killed and eight injured.

Pullman Car Conductor J. C. Smith, of Birmingham, was instantly killed and among the injured are E. T. Wollcox, general freight agent of the 'Frisco, knee sprained, and William M. Goldsmith, of Rochester, N. Y.,

All the injured persons were occupants of the last Pullman car.

35 CIGARETTES A DAY.

Yet Joseph Gutterman Lived To Be 117 Years Old.

Galveston, Oct. 14.—Joseph Gutterman smoked an average of thirty-five cigarettes a day after he had become a centenarian, but lived to be one hundred and seventeen years of age. He died Thursday at Ysleta, Tex. A birth certificate issued in Saxony is proof of his stated age as correct.

Gutterman drank whisky till he was more than ninety years of age. Then he found it did not agree with him and he stopped.

He was married three times and was the father of twenty-seven children.

After working many years as a jeweler in New York Gutterman served throughout the civil war in the Seventeenth Pennsylvania volunteers and then became rich by dealing in Illinois land. Coming to Texas, he lived here twenty-five years.

SPANKS DAUGHTER OF 35.

Judge Says Father Who Wielded the Slipper Had Perfect Right.

Pittsburg, Oct. 14.—Miss Pauline Law is 35 years old, but when she went out without telling her father, William Law, and remained until 1 o'clock a. m., he waited for her with a slipper.

He placed Miss Pauline across his knee and spanked her. She had him arrested for assault and battery. The father was discharged and the $10 and costs were charged to the daughter.

"Your father has a perfect right to spank you as long as you remain under his roof if you are disobedient," ruled the court.

BRIEF DISPATCHES.

The bank at Wharton, Ohio, near here, was looted by cracksmen who, it is said, secured a large sum of money. Several stores were also robbed.

A fire which broke out in the Arcade dry goods store on South First street and San Fernando at San Jose, Calif., Friday at 10 o'clock destroyed the entire building, the damage is estimated at between $300,000 and $400,000.

Anton Hupp, the proprietor of the Grand hotel at Carlsbad, and well known to thousands of Americans, is dead at the aged of 67.

General Adolf Von Buelow, the imperial adjutant, died at Potsdam of heart failure.

Millionaire's Son's Fate.

St. Louis, Oct 14.—The body of Frank Meakin, said to be the son of the late James Meakin, a millionaire china manufacturer of England, is being held under police orders in the medical department of St. Louis university pending communication with kinsmen of the dead man in England. Meakin died July 4 from injuries received from a fall from a window. He was a wanderer, and letters found on his person and baggage indicate that he had received monthly remittances from his father's estate. The body was found in the medical college and identified.

BEARS SHY OF TEDDY.

None at Late Camp—President Will Change His Location.

Stamboul, La., Oct. 14.—Roosevelt camp at the Monticello crossing of the Bayou Tensas has passed into history. The president left the place at 6 o'clock Friday morning and when he turned his back on the camp it was with a determination not to return again. He headed towards Bear lake whence, on Sunday he will remove to another camp which will be pitched near Newellton in Tensas Pass on a branch of the Iron Mountain railroad.

The determination to change camp was arrived at Thursday and preparations were immediately begun for the movement. Mr. Parker was dispatched to Stamboul to make arrangements for a train from that point to Newellton and B. Jackson, one of the negro bear hunters, was sent in with him with instructions to proceed to Newellton and select a proper place for the new encampment. The change of location was decided upon not only because no bear had been killed, but because the president and his friends became convinced that there were none or practically none on the upper Tensas.

"UNCLE" JOE KICKS PIGSKIN.

Speaker Cannon Figures In a Game of College Football.

Chicago, Oct. 14.—A dispatch to the Tribune from Galesburg, Ills., says:

"Uncle" Joe Cannon, speaker of the house of representatives, Friday began his football career and by the vigorous 'boost' he gave the pigskin showed he was not decrepit despite his 72 years.

His kick of 25 yards opened the annual game of Lombard and Carthage colleges. Then the speaker got out of the road to let the younger generation finish their tussle, while he went back to his long cigars.

Speaker Cannon was escorted to the field and introduced to the players and informed that his duty was to kick the ball as near the goal posts as possible.

"That's easy," was the response. "Let me have one trial first."

"Uncle" Joe took a hitch in his trousers and booted the ball 70 feet. Then he tried again and did better, and the game thus began.

All Honor to Lusitania.

London, Oct. 14.—The performance of the Cunard liner Lusitania in crossing the Atlantic in 4 days and 20 hours is hailed with delight throughout Great Britain. All the evening newspapers published long accounts of the passage, and ask that the Lusitania repeat on the homeward journey what she accomplished on her outward passage. Experts express the opinion that she is able still further to cut the time between Daunts Rock and Sandy Hook.

Won Legislature by Prayer.

Raleigh, N. C., Oct. 14.—The Rev. Livingston Johnson, secretary of the North Carolina Baptist State convention, has denounced in a sermon the legislative act appropriating $1,000 this year and $500 next year to the Elbanan Training school near Marion, a holiness institution conducted for years by Miss Mattie Perry. She has had no funds, but gets everything by prayer. She prayed and prayed until she got the legislative appropriation.

Say Strikers Are Returning.

New York, Oct. 14.—Officials of the Western Union Telegraph company stated Friday night that their force had been largely augmented within recent days by applications of strikers to return. The applications are being considered on their individual merits. As a result, it is said that the desirable places are rapidly being filed. A report that Colonel Clowery, president and general manager of the Western Union had resigned, was authoritatively denied.

Wife of Senator Money Dead.

Mobile, Al., Oct. 14.—Mrs. Claudia Money, wife of the senior senator of Mississippi, Hon. Hernando D. Money, died very suddenly at her late residence on the coast near Belvoci, Miss., Friday night about 8 o'clock. With her distinguished husband there survives her two daughters and two sons and a host of other relatives.

HITS AT GOVERNMENT

President Hanson of Central Denounces Certain Legislation.

HE CAUSED A SENSATION

Head of the Central of Georgia at a Banquet in Savannah Strongly Denounces War Being Waged on the Corporations.

Savannah, Ga., Oct. 14.—President J. F. Hanson, of the Central of Georgia railway and the Ocean Steamship company, spoke Friday night at a smoker given representatives of the northern press who are here as guests of the Ocean Steamship company having come to Savannah from New York on the maiden voyage of the steamship City of Savannah.

President Hanson caused a sensation by a denunciation of the government, state and national, that have become arrayed against the railroad interests of the country. He said:

"The war waged on corporations for the last five months, led by President Roosevelt, with all the demagogues in the country at his back, has diminished the value of railroad property all over the country one fifth of its previous value."

The administration in Georgia is so severe against railroads, he said, that even Governor Hoke Smith, who was strongest in his antagonism, does not approve of the length to which the railroad commission wants to go.

CURE FOR DREAD CANCER.

French Surgeon's New Electro Surgical Treatment.

Paris, Oct. 14.—Dr. Keating Hart of Marseilles has given a practical demonstration here of the new electro surgical cure for cancer which up to the present time has shown the most wonderful results.

The system consists of applying in a capital manner high softened intermittent sparks to the cancerous outgrowths. These are softened by the electricity and their cutting out is made easy. At the same time the electricity causes the wound to heal with magical rapidity, kills all pain and prevents a recurrence of the growth. Professor Samuel Pozzi and other eminent surgeons witnessed the demonstration and declared it to be of the greatest value.

EXPLORING EXPEDITION.

Will Visit Country Where White Men Have Never Been.

New York, Oct. 14.—George Melville Boynton announces that with a party of students and scientists he will penetrate the center of the South American continent and explore thoroughly a wide strip of country from ocean to ocean, where white men never have been.

The party will start from New York next January and may be gone five years.

Cannibals infest the country where the explorers will spend most of their time, but no particular danger is apprehended.

Veranda Falls on Man.

Marietta, Ga., Oct. 14.—J. F. Brewer was seriously and probably fatally injured by being crushed under a veranda which fell on him. Mr. Brewer is a carpenter and was employed in making some repairs to a house on Church street, and was under the veranda at the time when it collapsed without warning, crushing him underneath. He was taken out by his fellow workmen immediately and medical aid summoned. His right cheekbone was broken and his right lung and chest badly crushed.

Mysterious Drowning of Two.

Watertown, N. Y., Oct. 14.—Mrs. James Burns, aged 43, and Miss Sadie Ryan, 28, went fishing in Butterfield lake. Their overturned boat was found. Then the body of Mrs. Burns was recovered. That of Miss Ryan has not yet been found. The tragedy is regarded as mysterious, as both the women were experienced in handling boats, and there was no storm.

THE PUBLIC SCHOOL WAS OPENED MONDAY

Big Crowd o Students and Patrons Were Present at Exercises.

SOME INTERESTING TALKS MADE

Exercises Opened by Rev. S. B. Rogers of First Baptist Church, Followed Song, Talk by Dr. Kelley and Dr. Rogers, Answered by Prof Cawthon.

More than four hundred pupils and a large number of patrons of the Gainesville Graded and High School were present Monday morning at the opening, which was begun two weeks later than the announced time. The big auditorium, which is the second largest in the city, was well filled, and the opening hour was awaited with a great deal of interest.

The exercises were opened with prayer by Rev. S. B. Rogers, pastor of the First Baptist church, who invoked God's blessing upon the principal, the faculty and the school for the coming term.

Dr. Rogers' prayer was followed by the singing of Columbia, after which Dr. J. L. Kelley, Superintendent of Public Instruction, who introduced Prof. W. S. Cawthon, made a brief talk. Dr. Kelley paid the highest compliment to Prof. Cawthon, the new principal who is to have the destinies of the school in hand this year, praising him as an educator and a loyal, Christian gentlemar.

Before Prof. Cawthon had time to reply Dr. Rogers was again on his feet, and asked the indulgence of his hearers for a few moments. He took this opportunity to also pay Prof. Cawthon a high compliment, stating that he had known him for years in West Florida, and that he knew him to be not only an excellent instructor, but a kind gentleman and a Christian man, and asked the patrons and pupils to co-operate with him and the members of the faculty in making the coming term one of the most successful in the history of the Gainesville Graded and High School.

Prof. Cawthon replied in a happy vein. He assured those who intended patronizing the school that he would do his best, which means that the institution the coming term, with the assistance of the faculty already appointed, will be all that could be desired.

Immediately after the exercises in the auditorium the school was organized, the various classes and grades being classified and assigned.

The school was adjourned after organization until this morning, when the faculty and students will get down to business.

In speaking of the school and its prospects, County Superintendent Kelley stated that he never felt more encouraged in his life. He realizes and appreciates the worth of the principal and the faculty, and declares at the end of the term the Gainesville Graded and High School will make the finest showing of its existence.

GAINESVILLE FURNITURE COMPANY

NEWS OF CITY AND COUNTY CONDENSED

T. R. Pickett of Newberry was transacting business in this city yesterday. Mr. Pickett is one of the most widely interested citizens of that progressive town when it comes to real estate.

J. R. Malphurs and S. E. Brooker, two old Confederate veterans, were in the city yesterday from LaCrosse, where they are old residents and successful farmers. They came to attend the meeting of the veterans, which was held yesterday.

George I. Doig, superintendent of the Gainesville Gas and Electric Power Company, has returned from Hot Springs, Ark., where he has been for the past three or four weeks for the benefit of his health. Mr. Doig has been suffering from rheumatism, and for some time his condition was very poor. He is greatly improved now, however, and will be enabled to resume his duties. Friends are glad to note the great improvement.

The Georgia State Fair will be held at Atlanta, Ga., October 10th to the 26th. The date of sale for these tickets will be from October 10th to October 25th inclusive. Parties in the State of Florida who desire to take this trip can get rates either from Jacksonville or Live Oak at the very much reduced rate of $8.85 from Live Oak and return, or $10.35 from Jacksonville and return. Final limit of the tickets is not later but up to midnight of October 28th. These tickets entitle party's admission to the grounds. For further and detailed information, write to Frank C. Boylston, District Passenger Agent, Atlantic Coast Line, Jacksonville, Fla.

At the Baptist Church.

Notwithstanding that Rev. S. B. Rogers, pastor of the First Baptist church, has been in miserable health for the past six or eight months, and that he has only recently become himself again, this distinguished divine is "holding his own," to use the expression, remarkably well, and on Sunday delivered one of the most interesting talks ever heard in the city, taking for his theme the belief in Jesus Christ. Dr. Rogers did not call it a sermon, but just a plain heart-to-heart talk; but he spoke for thirty-five minutes, and what he had to say was of interest to all who heard him.

The music at this service was also good, the work of the sextette being especially fine. The choir has been strengthened by the addition of A. L. Reeder, a bass singer with a good voice, which is a great help. Mr. Reeder, who resided here several years ago but removed to St. Augustine, recently returning to Gainesville, was a member of the Baptist choir during his first residence here.

Marriage Docket Heavy.

With the opening of the fall season the marriage docket is being swelled, and Clerk Geo. Mason of the County Judge's office is being kept busy at this season issuing licenses. During the past three days Mr. Mason has issued fourteen licenses, four of which were to well-known young white people of the county, and are as follows:

H. G. McDonell and Emma Lou Dunnegan; L. G. Connell and Ethel Slaughter; W. R. Abstein and A. B. Coleman; Ed D. Ross and Casey Steadman.

Mr. Spriggs May Soon Come.

A letter has been received from Jabez Spriggs, a prominent farmer and justice of the peace of Kansasville, Wis., in which he incloses the price of his subscription.

Mr. Spriggs, who has been for several years, with one or two exceptions, a visitor to Gainesville, writes that he hopes to have the pleasure of shaking hands with his friends again at no distant day. He is well-to-do, and owns much valuable property in Gainesville and vicinity.

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the appoval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the fuil name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

REPUBLICANS MAKING PREPARATIONS

National Committee Establishes Office in Washington.

THE SQUADRON STOCKING UP

Preparatory to the Cruise to the Pacific, and Cost Will Be Heavy Owing to Prevailing Prices—Other Notes of Interest.

Special Correspondence The Daily Sun.

Washington, D. C., Oct. 14.—The first meeting of the head officers of the Republican National Committee was held in Washington last week. It was an informal meeting of Harry S. New and Elmer Dover, president and secretary, respectively, of the committee. They have selected headquarters for the committee in one of the big office buildings and the prospect is that the committee will be regularly organized about the time that Congress gets together. There are so many Presidential possibilities and near-possibilities in the field that any move of the committee heads is naturally watched with the keenest interest. President Roosevelt is not only the nominal but the very real head of the party and there was some comment that the work of the committee should have been inaugurated while he was away from Washington. But both Dover and New are two of his "young men" and close personal friends. They had a thorough understanding with him before he went away and it is a safe assumption that whatever is done will be thoroughly in accordance with the President's wishes. Some of the opponents of the Taft candidacy are inclined to take the preliminary action of the committee as a slight upon his position in the party councils, but this is not the case, and it is generally expected that the committee will take action for a Taft reception on his return that will be a striking testimonial to the Secretary of War.

The Navy Department is busy outfitting the battleship squadron for its long trip to the Pacific and is up against the problem of increase in the price of foodstuffs. There will be about 6,000,000 pounds of eatables and drinkables needed by the fleet for the voyage. It is not necessary to go into details as to just what this immense store consists of, though the principal item is fresh meat. Buying in such immense quantities, the Navy Department is able to get of course the very bottom prices and the more so that the furnishings of the supplies is a matter of competition. But it has been found that the general increase in prices has effected even these immense purchases. All the staple articles of food and drink that have to be bought are materially higher than the department has ever had to pay for them before. Even on the meat bought in such varieties there was a general advance of a cent a pound. This indicates the general price situation and shows why the householder who buys in comparatively microscopic quantities, has to pay such a heavy increase. The officers of the fleet feel the added cost of outfitting even more than the Government. The material that the Navy Department is laying in is what might be called the rough staples in the way of provisions. Everything in the way of delicacies and luxuries, the officers have to pay for out of their own pockets, and being bought in smaller quantities and privately, the added cost is much greater.

It was announced this week that a new commander has been assigned to the President's yacht, the Mayflower. She has been for two years under command of Lieut. Commander Long, but as he is going with the battleship squadron to the Pacific, a new officer had to be assigned. He is Karl Voglesang, who was with the Presidential party on the recent trip to Panama and who it is said made a good impression on the President then. The command of the Mayflower is more or less a personal appointment with the President, so it is evident that Commander Voglesang has made a good impression.

Whether or no anyone sympathizes with the telegraph strike, one cannot help admiring the new and diplomatic scheme of "slugging" that the striking operators have evolved. However just the original demands of the telegraph operators were, they managed to eliminate most of the sympathy the newspapers would have had for them by attempting to break the leased wire contracts and tie up the news service. The telegraph companies managed to get along without the strikers and the chances are that the strike will die a natural death and the companies and press associations will in time train new men to do the work of the old. But that has nothing to do with the "slugging." This has been a feature of too many of the great strikes in the past, resulting in many of the strike breakers getting beaten, sometimes killed and oftener seriously injured. The sluggers were sometimes convicted, fined and sent to jail, but this scarcely lessened the evil. The striking telegraphers have evolved a new scheme of slugging that results in headaches but no broken heads, and hampers the work of the companies more than if the strike breakers did not return to work at all. It is simply that the "pickets," as the watchers of the strikers are called, lay for the strike breakers as they are going out for luncheon and invite them to lunch to "talk it over." Once safely at luncheon, the strikers are generous. They entertain and furnish liquid as well as cold refreshments. They lunch and talk with the strikers and then lunch some more, and before the unwary operators are aware, they are "loaded for bear" as the saying is, and sent back to work. A drunken operator can do more things with a telegram than an outsider can imagine and the result has been heartbreaking to the companies many times. It may explain to recipients of telegrams a good many things that they did not understand before. But after all, perhaps it is better than physical slugging that ended in the jail, the police court and the emergency hospital.

The War Department is taking a great interest in the coming baloon race at St. Louis. Here on the 21st of this month there will assemble aeronauts from practically all the civilized countries of the world to compete for the international trophy that was won for America last year by Lieut. Lahm in Paris. Of course it is by no means certain that we shall keep the trophy. Luck has almost as much to do with winning a baloon race as judgment. But the interesting point in the affair is that the War Department is taking it seriously and furnishing a squad of trained signal corps men to help the foreigners in their get-away work. The Government has not entered a baloon, saying that if by any chance the Government airship should win it might have an inhospitable look to the foreigners. But the War Department is keenly alive to the usefulness of the sport and contemplates doing for America what the English army has just done for Great Britain, namely construct a practical airship that will be a thing to reckon with in case of war. Maj. Hershey, an army officer who has been all the past summer with the aeronaut Walter Wellman in Spitzbergen, has come back specially to take part in the race in his private capacity and not as a representative of the Government. He says that the conquest of the air is not a thing of the future but already an accomplished fact, and he urges that the United States should own a fleet of dirigible baloons second to none in the world. From a purely economic standpoint this sounds reasonable. A steerable baloon costs about $75,000 and a battlehsip costs from $3,000,000 to $10,000,000. One baloon may be lost in its first flight or it may account for a whole squadron of hostile warships. The chance is worth taking as a commercial possibility. It looks as though it were time for this Government to go into the airship business, for we have the men, the money and the enthusiasm and it looks like a paying venture.

Much merriment of a more or less innocent sort has been caused by the "test ride" of a number of Washington army officers who have been up for promotion in the past week. It is the first time in the history of the service that it has not been taken for granted that an army officer who could still walk could also ride. But this is a fallacy, as everyone knows who has seen any mature man holding down an arm chair. The result was that an order was issued three weeks ago for the army officers in Washington who were preparing for physical examination to prepare also for the test ride. Many of them who knew their riding was a bit obsolete did practice in advance and the price of gentle saddle horses at the local livery stable went up several percent. But at the last moment the War Department issued an order that no horses could be used in the ride who did not have a "square unequivocal trot." This so disheartened two of the prospective riders that they dropped out before the ride began, and three others of them had to quit by reason of "physical disability" at the end of the first ten miles. All those who finished the ride were stiff and sore, and several of them will be adversely recommended by the retirement board when they come up for their usually perfunctory examination.

Negro Baptist Convention.

The convention of the Bethlehem Church, negroes, of Forida, which has been in session with Friendship Baptist church, North Pleasant street, this city, for the past three or four days, finished its work Sunday night, adjourning for the year.

This was one of the largest and most instructive and beneficial conventions of the church ever held in the State. There were present about two hundred delegates, from every section of the State, representing some of the leading Baptist churches of Florida. There were a number of fine speakers in the delegation, and altogether the meeting was a most pleasant one.

The delegates left for their various homes Monday, well pleased with the convention and the treatment received here at the hands of the colored people, of whom they were guests.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently."—Hon. John R. Garrett, Mayor, Girard, Ala.

AWFUL ITCHING BURNING SPOTS

Formed on Legs and Exuded a Watery Matter—Then Spread to Arms—Kept Ankles Bandaged Over a Year Until Skin Was Made Smooth and

TORMENT WAS STOPPED IN 3 DAYS BY CUTICURA

"In December 1905 I had a blood-red spot about as large as a nickel come on my left shin about three inches above the ankle and in about two weeks the same kind of a spot came on the right shin. I did not know but it was poison from some black stockings but my wife said it could not be for she had washed them thoroughly twice. The spots spread until they were some two inches across. Then my shins and under my anklebones commenced to break out in a fine rash which extended about halfway to my knees. The burning and itching were something terrible and later the rash began to exude a watery matter. Finally it went to my elbows and above and below them. I doctored with two doctors but it did no good. I kept my ankles bandaged for over a year. One day a friend of mine said he believed the Cuticura Remedies would help me. I sent for them and in three days after using the Cuticura Remedies there was a complete change. The skin cleared up smooth and the itching stopped. I am still using the Cuticura Remedies for, once a week or so, some little spot will break out in a fine rash and commence to itch. But washing with Cuticura Soap and putting on Cuticura Ointment drives it all away. I am seventy-one years old to-day. Geo. N. Westcott, Postmaster, Ceylon, N. Y., Apr. 29, 1907."

BUFFALO BILL WAS HIS FRIEND

H. E. Benson Spent Pleasant Hour With Showman in Jacksonville.

H. E. Benson of this city spent one of the pleasantest hours of his life Saturday in Jacksonville with Col. W. F. Cody, more familiarly known throughout the world as "Buffalo Bill," of whom Mr. Benson has had the acquaintance for a third of a century. Thirty-three years ago Buffalo Bill made the acquaintance and friendship of Mr. Benson in Worcester, Mass., and this friendship, notwithstanding the long and continued separation, has always been warm and valued on both sides.

Mr. Benson was for many years a detective in Worcester. In 1874 Buffalo Bill, with his Wild West Show, visited the New England town, and while there had the misfortune to have stolen from him a very valuable turquoise pin which had been presented to him by the Duke of Aelxis of Russia, who had seen the masterful work of the scout and so admired him that he gave him this token of his appreciation. The pin was valued anywhere from $2,500 to $3,000, and naturally the great scout did not appreciate the idea of having it taken away from him.

As soon as Buffalo Bill ascertained that he had lost this valuable token, he sent for Mr. Benson, then chief of detectives of Worcester, and who enjoyed the reputation of "getting anything if it was to be gotten," and told him of his misfortune. Mr. Benson, with an air of confidence, told Col. Cody that if his pin was lost or stolen in Worcester it would be returned within a week—and sure enough it was, as the officer got down to business at once, and found the pin in a short time.

"Notwithstanding that Col. Cody was overjoyed to get that token of esteem back," Mr. Benson said in talking over the matter Monday, "he was very anxious to learn where I got it, and how I worked up the case. To be frank, I told him that a little girl picked it up on the street, which was all he could get out of me, and he was content to get the pin, so he was satisfied with this information.

"Col. Cody offered me a liberal reward, but I told him that I was merely doing my duty as an officer, and the fact that I had been successful in restoring his lost jewel was sufficient reward for me. He thanked me a thousand times as he held my hand in his, and made me promise if he ever came within a hundred miles of me again to come to see him as his guest.

"Well, that was thirty-three years ago," continued Mr. Benson, "but I had not forgotten the incident, and I complied with his promise—and I felt right glad I did, for he showed in his heart that he was glad I had come a distance of sixty-nine miles to shake his honest hand—and I feel sure that I would have been with him until now if I hadn't broken away. He could not do enough for me, and really was inclined, it appeared to me, to be 'miffed' when I told him that I realized he had plenty of business of his own on hand, and could not afford to be devoting his time to entertaining old friends of a quarter of a century."

When Mr. Benson resigned from the detective force of the city of Worcester he was presented by the police force with a magnificent solid gold ring, which he retains with great pride. It is appropriately engraved with the Masonic emblems and the emblems of the Worcester police, and is a very valuable band.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. *Your* interest in regaining health is paramount to any selfish interest *of his* and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

WHO USES HYOMEI?

The Best People in Gainesville, Say J. W. McCollum & Co.—Guaranteed in Catarrhal Troubles.

No other remedy or treatment for catarrh has ever been as popular or made so many remarkable cures in Gainesville as Hyomei.

The best people attest its curative virtues, say J. W. McCollum & Co., the local agents. The fair way in which Hyomei was sold, to refund the money unless it gives satisfaction, was the best proof when it was introduced that it possessed unusual curative powers. J. W. McCollum & Co. took all the risk of the treatment giving satisfaction, and left it to the purchasers to be the judge.

Later, when Hyomei was used and recommended by our well-known physicians and business men and their wives as a treatment that absolutely cured catarrh, no matter how serious or long standing, the sales rapidly grew and today there is no other remedy in J. W. McCollum & Co.'s stock that has such a large and staple sale.

The first breath of Hyomei's healing air kills all catarrhal poison.

Try Hyomei today on J. W. McCollum & Co's. offer to refund the money if the treatment does not give you satisfaction.

The important question to the many ambitious Republicans is, will the President be able to dictate his successor?

When Mr. Roosevelt gets to be an editor proofreaders will be put among the "prohibited risks" by the life insurance companies.

Soap has been advanced in price. We knew it; salvation will go off the free list next; cleanliness is next to godliness, you know.

The advocates of the lake-to-gulf waterway, if they really want it, had better calculate how much ship subsidy it is worth per mile.

Evidently, the Massachusetts Democrats believe in living up to the modern Democratic idea—any old thing, except to get together and win.

Senator Platt accuses Gov. Hughes of organizing a new political machine in New York. Perhaps it would be more correct to charge him with putting sand in the bearings of the old one.

The annual complaint against the shipment of green oranges to Northern markets is now going the rounds of the press. In this particular the growers refuse to profit by past experience.

There is more or less trouble in political camps everywhere. A Republican candidate for Congress in Indiana is opposing Fairbanks for President. What is the good of the political machine, the cogs of which slip in this manner.

The La Follette boomers are distributing a circular in which they speak of President Roosevelt's "barbarious proclivities" as glibly as Mr. Roosevelt once spoke of the "streak of coarse and brutal barbarism running through the Southern character."

The Sun agrees with The Tampa Tribune. The calling of a wet and dry election in Hillsboro county is a useless expenditure of money, unless it be for the purpose of permitting the voters of a few election districts that are already dry to reiterate their sentiments upon the question.

Some of the Methodist preachers are criticising Senator Knox for favoring the Mormons by voting to keep Reed Smoot in the United States Senate, but as the President also approved, and a majority of the Republican Senators voted for Smoot, why single out Senator Knox as the chief Mormon sympathizer? The Republican leaders have had a compact with the Mormons for years.

REPUBLICAN BOSSES.

The insincerity of the Republican leaders of Ohio on the reform of abuses and the corrupt use of money in elections is shown by the return of the discredited Boss Cox of Cincinnati to power. He now seems to have complete control again of the Republican machine in Hamilton county, and according to a press dispatch has even gone so far as to dictate the nomination of judges. Judge Ferris, who now occupies the superior bench, states that he and his colleague, Judge Hosea, have been denied renominations because they did not permit Boss Cox to dictate the appointment of a trustee of the Cincinnati Southern railroad.

Congressman Nicholas Longworth, son-in-law of President Roosevelt, is evidently content to be part of the Cox machine, and while his strenuous father-in-law is so much exercised over the necessity of defeating Tom Johnson for mayor of Cleveland, who even his opponents agree is capable and honest, the influence of the administration is being used by Son-in-Law Longworth to bolster up the corrupt Cincinnati machine controlled by Boss Cox. How the Republican voters of Ohio can reconcile these anomalies and vote to sustain such evident inconsistencies is beyond belief. There must be enough honest Republicans in Cincinnati who will vote with the Democrats to again depose the corrupt boss, if their partisanship does not get the better of their duty to their city and State, and there certainly will be enough independent voters to reprove President Roosevelt for interference in Cleveland.

A TOUCHING APPEAL.

The Taft family seems to be ready to swallow most any noxious dose if they can only elevate "Brother Bill" to the Presidency. For in a late issue of The Cincinnati Times-Star—owned by Taft's brother—we learn that: "Any erroneous reflections upon the character, standing, or reputation of any person, firm, or corporation, which may appear in The Times-Star, will be gladly corrected if brought to the attention of the editor." That kindly feeling for the whole body of voters explains, no doubt, the recrudescense of Boss Cox. Nor is that "undesirable citizen," Senator Foraker, left outside of the all-enveloping magnanimity of the Taft family, for we also learn from this generous editor that: "Senator Foraker has his good points. It is more in sorrow than in anger that we note his present apparent willingness to take up the role of a mere troublemaker in that Grand Old Party to which he owes so much." How can Foraker resist this touching appeal to help out the Taft family, and incidentally the G. O. P.?

Secretary Straus of the Department of Commerce and Labor has come out strongly for tariff revision. This is something from an administration that has been noted chiefly for its standpatism. But Secretary Straus is in a department where he sees the practical side of the question, and the fact that he has been converted to revision ought to go a good way in satisfying other members of the same party that if we are to continue our commercial expansion we must have something in the way of reciprocity and reduction to offer other countries in exchange for their good will.

Even Key West is now a dry town, the saloon keepers declining to take out license until after November 5th, the date for holding the wet and dry election.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

The President is unsatisfied with the constitution, but all the comfort he could give the Cairo, Ill., people was to hope that sometime in the dim future it would be amended. Incidentally, President Roosevelt evidently takes for granted that through him a new era may be inaugurated. Still there is no getting around the fact that we have prospered for generations under the "unsatisfactory" organic law, and it requires three-fourths of the States to agree to amend it.

Away up in Kennebec county, Maine, we are told that 1,200 persons have revolted against the beef trust, and will abstain from eating meat for ten days. Nearly two years ago we were assured that the beef combine had disbanded by order of the court and our strenuous Republican administration. Is the beef trust a "good trust," that it is still allowed to plunder people, or is Republican trust busting a flat failure?

Uncle Joe Cannon is paying the expense of sixteen of the prettiest girls of Danville to travel around and push his boom for President. Uncle Joe's new method will put Fairbanks and Knox, and the other conservative candidates, on their mettle, but if he thinks he can, with a bevy of maidens, beat a bear hunt to stir the popular pulse, he is sorely mistaken.

The Williams and Bryan faction of the Democratic party in Massachusetts evidently do not want to carry the State, and would split the party wide open rather than lose control of the organization. Get together, gentlemen, and fight the common enemy that protects the trusts.

The way things are going it will soon be a shorter trip, in point of time, to cross the Atlantic than it will be to reach the top floor of a skyscraper.

BODY SUNK IN WEIGHTED BAG.

Dredgers Discover Legless, Armless Corpse, but Let It Fall in River.

Philadelphia, Oct. 14.—The body of a woman with legs and arms missing was placed in a bag that had been weighted and thrown into the Delaware river. It is supposed that the woman was murdered, but who she was, how she met death, who dismembered her or when the body was placed in the river is not known. The body was recovered and lost by men dredging the river for the federal government.

Colonel J. W. Thompson, U. S. engineer in charge of the dredging operations in the Delaware river off the lower end of this city, sent to the coroner a report made by one of his inspectors. According to the report the body was brought to the surface of the water by a dredge but it fell from the weighted bag into the river just as the crew of the dredge were attempting to secure it.

Build Longest Bridge in Florida.

Palatka, Fla., Oct. 14.—The Putnam county commissioners, at the regular monthly session has signed a contract with the Converse Bridge company of Chattanooga, Tenn., for a highway bridge across the St. Johns river at Palatka. The bridge will be nearly a mile long, and will cost the county $54,000 when completed which, according to the contract, is to be done in one year, or by the first day of October, 1908. When the bridge is completed it will be the longest, heaviest and most expensive highway bridge in the state, and the only one across the St. Johns river.

Lest We Forget

Baby is restless, can't sleep at night, won't eat, cries spasmodically. A bottle of White's Cream Vermifuge never fails to cure. Every mother should give her baby White's Cream Vermifuge. So many times when the baby is pale and fretful, the mother does not know what to do. A bottle of this medicine would bring color to his cheeks and laughter to his eyes. Give it a trial. Sold by W. M. Johnson.

Negro Indicted Who Killed Rainey.

Lawrenceville, Ga., Oct. 14.—The grand jury has returned an indictment against Matthew Howell, charging him with murder. Howell shot and instantly killed Bailiff Rainey at Duluth last Friday while resisting arrest for a misdemeanor. Judge Brand set his case for trial on October 28, and appointed Judge F. F. Johan, Colonels N. L. Hutchins and I. L. Oakes attorneys to defend the prisoner.

Black Hand Men Sent to Prison.

New Castle, Pa., Oct. 14—Twenty-three Black Hand members were sentenced here to a total of 71 years. The highest sentence was ten years, and the lowest two.

YOUR HAT

May Be a Stylish One, But It Makes Trouble.

A man usually buys a hat that's "in style," but the modern hat for men has lots to answer for.

Baldheads are growing more numerous every day. Hats make excellent breeding places for the parasitic germs which sap the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of Dandruff it is a sure sign that these countless germs are busily at work.

There is but one way to overcome the trouble and kill the germs—that way is to apply Newbro's Herpicide to the scalp—it will kill the germs and healthy hair is sure to result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

BULLET HOLE IN TEMPLE.

John Dickens of Near Tucker, Supposed To Have Suicided.

Tucker, Ga., Oct. 14.—Thursday morning John Dickens, a respected farmer, 53 years of age, who lived 4 miles north of Tucker, was found dead in his barn a few steps in the rear of his dwelling. Indications pointed to suicide.

A pistol was found lying across his body. A bullet hole through his right temple told the story.

At the coroner's inquest the verdict was that he committed suicide. His wife testified that he came in late from Atlanta Wednesday night and, saying he was cold, went to bed, in an adjoining room to hers, without eating supper. When she awoke Taursday morning and found him absent from the house, she instituted a search and was horrified to find his lifeless body in the barn.

He leaves a large family of children, all married except one daughter, who lives at home. The family can ascribe no cause whatever for his untimely death. However, it is stated by some friends that he met with some trivial business reverse only a few days ago.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes, "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. Johnson.

60 Bales of Cotton Damaged.

Windsor, Ga., Oct. 11.—Friday 60 bales of cotton at the depot of the Gainesville Midland railroad and 20 bales on a car on the yard tracks took fire from a spark from a passing locomotive and burned for more than an hour, causing damage to the amount of from $3,000 to $5,000. Had it not been for the proximity of the waterworks of the cotton mill, which were called into use, the cotton would have been a total loss.

College Destroyed by Fire.

Lexington, Ky., Oct. 14.—Millersburg Female college at Millersburg in Bourbon county, was totally destroyed by fire Wednesday. The college was established in 1852. It was burned in 1878 but was later rebuilt and has been conducted by Rev. C. C. Fisher, president and owner. Seventy girl students, mostly from the southern states, had most of their apparel burned but none was hurt. The loss was about $25,000.

Prohibition Fight Is On.

Montgomery, Ala., Oct. 14.—The fight for prohibition in Montgomery is on with a will. All day Thursday petitions were carried about for signers, calling for an election. Those who fail to sign are remembered, their names being written in books. They are to be visited and labored with.

Julius Caesar

Was a man of nerve, but sickness left its mark and he became aged before his time. Sickness is often caused by a torpid liver. Herbine will regulate your liver and give you health. Mrs. Carrie Austin, Hollon, Kansas, writes: "I consider Herbine the best medicine I ever heard of. I am never without it." Sold by W. M. Johnson.

S.S.S. PURELY VEGETABLE

S. S. S. is recognized everywhere not only as the best of all blood purifiers and the greatest of all tonics, but the one medicine that can be taken with absolute safety by everyone. Young or old, those in robust health, or those whose systems are delicate and run-down, may use it with the same good results, and equally without fear of any unpleasant or injurious after effects. Next in importance to removing the cause of any disease is the condition in which the system is left after a course of medical treatment. Medicines containing mercury, potash or other strong mineral ingredients often do permanent injury by eating out the delicate lining and tissues of the stomach, producing chronic Dyspepsia, unfavorably affecting the bowels, and so deranging the system otherwise, that even if the original disease had been removed from the system it is left in such a weakened and deranged condition that the health is permanently impaired. S. S. S. enjoys the distinction of being the only blood medicine on the market that does not contain a mineral ingredient of some kind. It is made entirely of the healing, cleansing extracts and juices of roots, herbs and barks gathered directly from the forests and fields of nature, under our own supervision, and when they reach our laboratory contain all their original valuable tonic and blood purifying properties. We offer a reward of $1,000 for proof that S. S. S. contains a particle of mineral in any form. Being made entirely from these vegetable ingredients S. S. S. is absolutely harmless to the system, and while curing disease adds health and strength to every part of the body. S. S. S. cures Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all other blood troubles by removing the cause and supplying the circulation with health-giving and strength-producing qualities.

CRAZED BY GRIEF.

Alabama Woman Strangles Herself with Her Apron Strings.

Montgomery, Ala., Oct. 11.—Mrs. Margaret McCarty, wife of a respected machinist of this city, strangled herself to death Thursday night in a cell at police headquarters by means of the strings of her apron. She is supposed to have been crazed by grief over the loss of her 11-year-old son, who had run away from home.

Mrs. McCarty was arrested on a charge of disorderly conduct, preferred, it is said, by the landlord of the boarding house in which she resided.

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock's Blood Bitters builds up sound health—keeps you well.

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, uric acid, catarrh of the bladder and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work and in private practice, and has proved so successful in every case that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also booklet telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are for sale at the drug stores of Swamp-Root sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ABOUT OYSTERS

It's a matter of confidence—confidence in the person selling them. If you know they are handled properly, prepared and cooked cleanly, then you are satisfied.

Oysters require careful attention when away from the coast, and should be prepared by one who knows at a glance if they are fit to be cooked.

For two seasons I have prepared and served you the best Oysters grown, and have never had one complaint.

They are here now—and, as they should be, First-Class in every way.

Open every night till 10:30—later if necessary.

GROWING CHILDREN

Advice to Mothers of Gainesville

Perhaps the most important principle involved in the care of a child is proper nourishment.

How many delicate children do we meet on our streets with colorless cheeks and thin little legs and arms! It is very plain to be seen that rapid growth takes all their strength and their little bodies are not receiving sufficient nourishment to make them well, strong and robust.

We want to say to the parents of all such children in Gainesville that our delicious cod liver and iron preparation, Vinol, will build up delicate children, fill out hollow cheeks and make them strong, robust and rosy. Vinol makes new vitality, sound flesh and muscle tissue and pure, rich red blood, and children love it. This is because Vinol is a delicious tasting cod liver preparation without oil, made by a scientific, extractive and concentrating process from fresh cods' livers, thus combining with peptonate of iron all the medicinal, healing, body-building elements of cod liver oil, but no oil.

As a body builder and strength creator for old people, delicate children, weak, run-down persons, after sickness, and for chronic coughs, colds, bronchitis, and all throat and lung troubles, Vinol is unexcelled. Try Vinol on our offer to return money if it fails to give satisfaction.—W. M. Johnson, Gainesville, Florida.

J. E. Futch, the merchant of Alachua, is spending a day or two with his family here.

Thad L. Davis, a successful trucker of Rocky Point, was trading in the city yesterday.

Mrs. John Dyal of Hampton is in the city, a guest of her daughter, Mrs. H. P. Holstein.

Dr. E. B. Howell, a well-known physician of Newberry, was among those who favored the county capital with a visit yesterday.

R. P. Lumpkin of Orange Heights, one of the most widely known residents of the East End, was a visitor to Gainesville yesterday.

Col. H. F. Dutton has gone to New York and Vermont. He has gone to meet his wife in Vermont, who has been spending the summer pleasantly at her old home.

Miss Minnie Lee of Antioch has returned to her home, after a brief but pleasant visit here. She is principal of the Antioch school, which is one of the best rural schools in the county.

Dr. E. P. Guerrant, who has been connected with the Spring Park Farm in the capacity of veterinarian for the past two months, left Sunday for Ocala on business. He expects to be absent three or four days.

Forest Kelley has accepted a position as stenographer and bookkeeper at the Dutton Bank. Mr. Kelley is said to be one of the swiftest and most accurate typewriters in this section of the State. He is a son of Dr. J. L. Kelley.

T. B. Ellis, Sr., has returned from Waldo, where he went to spend Sunday with his daughter, Mrs. Chas. A. Marks. Mrs. Ellis is in Waldo, where she has been for the past few days with Mrs. Marks. Mr. Ellis is a new "grand-pa," and says it's the finest boy "what ever happened" in Florida.

Miss Maude Lewis, one of the efficient members of the faculty of the LaCrosse school, after spending Saturday and Sunday here, has returned to her duties. Miss Lewis was in charge of the primary department at the Gainesville Graded and High School last year, and proved herself a most popular and efficient teacher. She will be missed by the students of her class at the school this year.

Attention is called to the change of advertisement of Schafer's Keystone Bakery, which appears elsewhere in this paper. Mr. Schafer has for years been "baker to the people" of this section, and his products have always been of the best, and made for him a reputation that must be lasting. His two wagons deliver bread fresh at your door every morning—and those who know bread say it is bread, pure and wholesome. It is no wonder, with these recommendations, that Mr. Schafer is increasing his business as the city increases in population.

Nicely furnished room, on block adjoining square, to rent. Apply in front of Baptist church, or at Sun office.

Notice—Our carpet and rug man will be here today. All ladies interested in carpets, rugs or art squares are invited to call at 9 o'clock. The S. J. Thomas Company.

H. E. and Merrill D. Wilcox of the town which bears their name were in the city yesterday. They were en route home from Jacksonville, where they went to witness the Buffalo Bill Wild West Show Saturday.

William Thomas and son, Herman, were in the city from Monteocha yesterday. Mr. Thomas is a practical farmer, and one who knows how to make two blades of grass grow where only one grew before, to use the expression.

C. C. Pedrick has returned from Romeo, where he has been on a visit to his brother, James F. Pedrick, who is suffering from a cancer. Friends of the latter will regret to learn that his condition is very serious, and that he is not expected to survive much longer.

Constable J. M. Martin arrived in the city yesterday from Wilcox, having in charge Nollie Slaughter, a white man, charged with breaking and entering the postoffice at Donnie on Thursday night. A United States officer is expected to come to take charge of the prisoner today.

Miss Gussie Miller, one of the members of the faculty of the Gainesville Graded and High School, has returned from her home in Lake City, where she spent the summer with relatives. Miss Miller is one of the most competent and popular teachers in the county, and friends are glad to welcome her back again.

Mrs. A. R. Harper has returned from New York City, where she has been for the past few months on a visit of recreation. Mrs. Harper was accompanied for a while by her son, Alexander, but for the past two weeks the latter has been home. Friends of Mrs. Harper are glad to see her back also, and are glad to learn that she is enjoying good health.

Geo. W. Hyde, after an absence of several weeks in Colorado, Nevada and other points in the West where he is interested in mining, has returned to his home in this city. Mr. Hyde has made a great success in mining, having been fortunate enough to secure some good stock in the most prolific gold mines of the West. He reports satisfactory returns from his investments.

W. M. Dupree of Jacksonville arrived in the city Saturday, and Monday Mr. Dupree and his father, R. F. Dupree, went to Gulf Hammock, where they will spend a few days deer hunting. Will is an old Gainesville boy, but has been for several years employed at the terminal railroad station in Jacksonville. His friends here are always glad to see him, and are glad to learn that he is doing well.

J. W. Gleason of Jefferson, Ohio, who spent last winter in this city and made many friends, writes from Sheboygan, Mich., that he is now interested in a moving picture show, and that fortune is crowning his efforts. "Uncle Jake," as he was familiarly known here, asked to be remembered to all his friends, and says he hopes to see them in a few weeks. He was very popular here among those with whom he associated, being possessed of a most genial, entertaining disposition.
